

Approval Process for Providing Meals during H1N1 Outbreak School Closures Summer Food Service Program or Seamless Summer Option

Schools and Community Organizations have been provided the option to continue to provide reimbursable meals to children during school closures related to the H1N1 influenza virus. The following outlines the steps schools and community organizations must take to be approved to operate the Summer Food Service Program (SFSP) or Seamless Summer Option (SSO) during a school closure. Schools have the option to select the SFSP or the SSO. Prior participation in either Program is not required. Free and reduced eligibility thresholds for the SFSP and SSO sites do not apply in this circumstance.
